

Commercial Herald

A PAPER such as we issued yesterday is a credit to any city, and one that must necessarily prove valuable.

The Aberdeen fair opens October 19th. The prizes for the military amount to \$2,000; premiums on articles and products \$1,500, in the speed ring \$1,500.

The Cincinnati Enquirer says it is sure Foraker is beaten. If the election on the 13th, results as the Enquirer predicts, the lion's share of praise is due it. It has certainly hammered Sherman, and that old South hater, Halstead, with fearful effect.

The Aberdeen Examiner says the Secretary of War has information to the effect that seven or eight military companies will participate in the competitive drill at the fair in October, and he has reason to believe that it will be one of the most important meetings of the kind that has taken place in an interior town in many years.

The Mississippi river question will again come to the front when Congress meets, and it will continue prominent until justice is done. There have been two influential Conventions, one at New Orleans and one at St. Paul, to consider the Great Valley in its entire length, and we suggest that the West and South pool their issues. If that is done, something valuable will be secured.

WHO SAID SO?

Dr. C. K. Marshall in one of his posters against the shops, says he understands, "they intend to Boycott the Gas Company" on account of his opposition to the shops. Dr. Marshall is President of the Gas Company, and he should not make a statement of that kind without giving his authority, for while he is President, he is but a small stockholder in the Gas Company. If no authority for the statement is given the Doctor must assume the responsibility for the statement himself.

The news gatherers of this paper are energetic and they generally hear what is going on. They say they have never heard the slightest intimation of the kind alluded to. Since the remarkable assertion appeared in print, we have talked to very many well informed citizens and never heard that those in favor of the shops intended to Boycott the Gas Company, any other company, or anybody.

Those who believe the shops would be of inestimable value to the city, and who are exercising their unquestioned right to try and secure them, do not like to have such things published about them, and they demand to know who informed Doctor Marshall that it was intended to Boycott the Gas Company.

So far as we know, a majority of the stockholders may be in favor of the shops.

Crop Report from East Carroll Parish.

Special to Commercial Herald.

LAKE PROVIDENCE, Sept. 30.—The present condition of the crop in East Carroll is not as good as at the same time last year, and the yield will be fully twenty-five per cent. less. The progress in cotton picking, as compared with the same time last year, is seventy-five per cent. less in consequence of the continued heavy rains, almost flooding the fields and rendering it impossible to pick the staple. The cotton crop has rotted considerably and sprouted in the boll, and the cotton picked is hully and stained. There is a good top crop, but small middle crop. There is a scarcity of labor for gathering crops which, coupled with the recent rains, has retarded picking and shipments.

The corn crop throughout the parish is considered good and will average thirty bushels per acre, and is better by twenty-five per cent. than last year. The rain has ceased although the indications are not very favorable for continued dry weather.

Reported Outbreak

Rumors of late have been numerous to the effect that a number of mothers, while nursing their babies, have been as if struck senseless by an invisible foe. It has been discovered that this enemy of woman kind exists in exhausted nature for many endeavor to conduct a household and strain their endurance while suffering from disorders peculiar to their condition. Creole Female Tonic has always been found a safe and sure remedy for all suffering wives and mothers.

Across the Deep, to the Far West,

On steamboats, cars and stage-coaches, how-tetter's stomach Bitters is carried as the most important item in the materia medica of the traveling public. It cures indigestion, flatulency, biliousness, and all the ailments of the stomach. It is a fine defense against malarial disorders, nullifies the effects of excessive heat, cold and damp, relieves sick-headaches, and is an incomparable cure for constipation and biliousness. The fatigue of travel often tells most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will find it provided with the Bitters, be far less likely to have their fears

ROBBERY OF THE SCHOOL CHILDREN.

County Assessor Cyrus J. Marshall, reports 2,298 educable white children in Warren county and 11,725 educable colored children. As Assessor Marshall is a colored man, our colored citizens will hardly question the correctness of his figures. They prove that the white tax-payers are called upon to pay for about five colored children to one white child. It would seem that the colored people should be satisfied on the school question with that, but they are not. They want the white tax-payers in addition to the above to permit fully one-half the school fund to be bestowed by officials put in power by the negroes.

Let them go to Cyrus Marshall, or any other intelligent colored citizen, and he will tell them first: that the whites pay nearly all the taxes; second, there are nearly five times as many colored as white children and third, that nearly one-half the school fund is lost in scrip.

The whites propose to stop this robbery of both black and white children. They propose thorough reform in officials, and that all the school fund shall go to the education of white children and colored children. They propose to stop the issuance of scrip altogether and forever. When that is done if a sheriff steals the money that belongs to the white children and the colored children, instead of pointing to his official record, the citizens will point to the penitentiary, and put the scoundrel in it.

Now then will the colored citizens aid this reform movement, or will they try to defeat it? We want all good, colored citizens to very carefully consider this question, for the white taxpayers are very tired of the school fund being frittered away in scrip. If the reform movement is defeated the white taxpayers may say, they see no justice or benefit in paying any school tax at all.

A VALUABLE ENTERPRISE.

The Vicksburg Fair Association is pushing things. The contract for buildings, track and fencing is let out, the lumber will soon be on the grounds, and Messrs. Morris & Kennedy assure us they will put the job through with the utmost energy. They contract to keep all the men it is possible to employ to advantage on the work.

Meridian is to have a six days' fair, Aberdeen five days, Jackson six, Greenville five, and Vicksburg intends to make an effort to outstrip them all. The time is too limited this year to have a display of articles and products, but it is intended to have the finest drill, tournament, shoot, and racing. For the first time in many years racers of national reputation will fly over a Vicksburg course. This will be a great event. And when our city has two or three first class attractions every year our merchants and property owners will say "there is life in the old land yet."

It is a low estimate to say that two such meetings will cause two hundred thousand dollars to be circulated in our city. And what will be the cost to the stockholders? We firmly believe that instead of there being any loss on the stock it will pay handsome dividends. As soon as the enterprise is a success, the wonder will be that it was not started long ago.

As soon as the first assessment of stock is paid, so that it can be known who are the bona fide stockholders, the President will call a meeting of them and make a full report. They can then make any changes they wish, and take any steps they deem wisest and best. We assure every stockholder that this Fair Association will be managed openly, and with business tact and energy equal to that of the management of any corporation in the city.

At the primary election held in Lauderdale county Monday the following candidates were nominated:

Floater, W. P. Evans.
Representatives, G. H. Shamburger, J. H. Culpepper.
Sheriff, R. M. Bourdeaux.
Treasurer, W. F. Alford.
Assessor, P. H. Gulley, Jr.
Surveyor, W. T. Welch.
Coroner and Ranger, Chas. Simpson.

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Pa., says: Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well.

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box by Hardaway & Cassell.

USELESS AND IRRITATING.

The Massachusetts Republicans could not refrain from giving the bloody-shirt a good, strong wave.

It is the same old cry. In certain States, the Republicans declare, the elections are not fair, and they do not like it, won't approve of it and will continue to agitate, and so on.

What they mean, in plain words, is that the Southern people are not doing as well as the Massachusetts Republicans, or Ohio Republicans would do, if they lived in States where the negroes outnumbered the whites. We know that is not so, and until they point out some mode, that will produce better results than for the whites to rule in Southern States, they may resolve and howl themselves hoarse, and the Southern whites will continue to rule the Southern States just the same. We have said to them about a thousand times, if they would leave the negro alone and give him time to learn to vote as a citizen, and not as a negro it would produce the best results.

In all his Ohio speeches Mr. Sherman flatly acknowledges, that he does not know what is the remedy. He is too able a man not to know, that it would never do to relegate the Southern States to negro rule again, and he knows full well, that if his party or any other party attempts it, the Southern States will not submit to it.

The truth is, that considering the vast amount of stupidity and brutal race prejudice in the Southern States, they are getting along in a way that should win the praise of all sensible, fair-minded men, instead of invite such unjust criticism. The only explanation of the present course of the Northern Republicans, is not creditable to them. They are keeping up a useless, irritating sectional agitation, in the hope that it will benefit their party.

Creole Female Tonic is beyond doubt the best remedy for prolapsus and all female disorders. Testimonials are constantly being received of its wonderful curative effect.

The Problem Solved.

Boston, Sept. 29.—Forty-three patents have been issued to Henry C. Spaulding for the conductors of electricity and the apparatus and machinery for the construction of electrical conductors not only for underground telegraph wires but also for sub-marine cables. These inventions, it is claimed, have solved the problem of securing efficiency of transmission through underground wires equal to that which is obtained from overhead lines.

CURE FOR PILES.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, as flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a very common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosank's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and affecting a permanent cure. Price, 50 cents. Address, The Dr. Bosank Medicine Co., Piqua, Ohio. Sold by C. C. Reynolds & Co.

The Rev. Sam Jones is conducting a revival meeting in St. Joseph, Missouri. The St. Louis Globe-Democrat is making a full report of his sermons. It declares that thousands of people visit St. Joseph to hear the great evangelist, but many of them are unable to get within hearing of his voice on account of the vast throng. He is very rough on hell, which he believes in, and on hoarding of riches, which he does not believe in.

H. P. Andrews, Esq., editor of the Newton Free Press, has withdrawn from that journal. In his valedictory he says:

"With this issue my connection with the Newton Free Press ceases. My experience as a member of public opinion has in many respects been pleasant and it is with deep regret that I bid it adieu, but my profession (the law) demands my attention. The paper will be carried on under the auspices of a company and we feel satisfied that it will be ably conducted."

Nervous Debilitated Man

You are allowed a free trial of thirty days of the use of Dr. Dye's Celebrated Voltaic Belt with Electric Suspensory Appliances, for the speedy relief and permanent cure of Nervous Debility, loss of Vitality and Manhood, and all kindred troubles. Also, for many other diseases. Complete restoration to health, vigor and manhood guaranteed. No risk is incurred. Illustrated pamphlet, with full information, terms etc., mailed free by addressing Voltaic Belt Co., Marshall, Mich.

SLEEPLESS NIGHTS, made miserable by that terrible cough. Shiloh's Cure is the remedy for you. For sale by Hardaway & Cassell.

A Lady Seventy Years Old Commits Suicide.

CALIFORNIA, Oct. 1.—Mrs. Eliza Steele, a widow, nearly 70 years old, living on a farm near Fort Recovery, went to a barn yesterday and climbing a ladder to a point thirty feet above the threshold floor threw herself down causing instant death. In her hand was a note to her children saying her act was intentional, that she could stay no longer.

A Foundation for Gossip.

Special to the Times-Democrat.

WASHINGTON, Sept. 28.—The presence of Col. John R. Fellows in town today, and the fact that he lunched with Secretary Whitney, charted for some time, with Col. Lamont, and afterward enjoyed the society of the president for an hour or so, necessarily served as the basis for a good deal of gossip. Speculation at once fixed upon the visit as in the interest of Democratic harmony in New York, and with special reference to the filling of the second place on the State ticket, declined by Mr. Flower. Col. Fellows, however, laughs lightly at all of this, and declares that his business in town has no sort of reference to politics. "The administration is not in politics, so to speak," he says. "Those who tried to enlist its services before the convention failed, and it would hardly be worth any man's while to attempt it now. Mr. Flower's declination is to be regretted, but we shall find a strong man for the place. New York is a Democratic State, and, in my opinion, will so vote this fall."

THAT HACKING COUGH can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by Hardaway & Cassell.

The Kansas Husband's Murder now exciting such a sensation specially at Emporia, Kansas, the scene of the occurrence, is being discussed from various phases. The prevailing theory is that when a wife is in ill health, suffering from nervous exhaustion or otherwise deranged in the delicate organs peculiar to her sex, the best course is to use regularly Creole Female Tonic, the great regulator, and woman's best friend.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. For sale by Hardaway & Cassell.

The Helena Fair.

A Memphis Appeal says: Extensive additions to the buildings of the Helena Fair Association have been made during the summer, and everything promises that this year's fair will be the grandest event in the history of Eastern Arkansas. The 22d of October has been set as Mississippi Day, and that eminent politician and successful planter, ex-Senator James L. Alcorn, has consented to deliver an oration on that day. His address will, we understand, be directed to the agriculturists of this section, and as he has been eminently successful where others experienced disaster and failure, his address promises to attract the largest crowd ever gathered together in this State east of Little Rock, and we expect that he will give the farmers of the South an address that will be of incalculable benefit to them, for he is a practical man, with the highest order of ability, and a scholar. Senator James H. Barry, of Arkansas, will also deliver an address on Wednesday, the 21st of October. A magnificent list of premiums are to be awarded, and the directors earnestly hope that good weather will attend the fair.

Bishop H. H. Kavanaugh. "I confess that I have been reluctant to figure in advertisements in regard to medicines, but feel myself so much a debtor to Simmons' Vegetable Liver Medicine, that I feel a sense of gratitude on my part and justice to the public requires that I should waive this objection and allow you to publish whatever I may have written in regard to the character and value of my medicines. May many a sufferer be as much benefited by them as I have been."

For sale by all Vicksburg druggists.

Meridian has 990 children in the public schools.

There are 65,000 white and 98,000 colored Baptist in Mississippi, and about 1,700 pupils attending Baptist schools and colleges.

Do Not Waste Away

but cheer up and hope, for Creole Female Tonic will relieve you when all else has failed. \$1 at C. C. Reynolds and Asher & Co.'s drugstore.

CATARH CURED, health and sweet breath secured, by Shiloh's Catarrh Remedy. Price 50 cents. Nasal Injector free. For sale by Hardaway & Cassell.

The Tailed Man of Paraguay.

Full Mail Gazette.

If the Essayo Medio, of Caracas, a journal unearthed by the Lancet, may be believed, the seeming impossibility of a tailed man need no longer prove a stumbling block to the faith of would-be revolutionists. In the last issue to hand of this print the following paragraph occurs: "There has just been an interesting discovery in Paraguay of a tribe of Indians furnished with tails. One day a number of workmen belonging to Tacara Tayu were engaged in cutting grass when their mules were at tacked by Guayacuga Indians and some of them killed. The workmen pursued them, and succeeded in capturing a little boy eight years of age. He was taken to Senor Francisco Golorche at Posadas, and it was then discovered that he had a tale ten inches long. The boy says that he has a brother who has a tale as long his own, and that all the tribe have tails." There are clearly no half measures about these tails, and if boys of eight have them ten inches long there is no saying what may be the length of the tail of a full-grown man. It would have been to the interest of this information if we had been further told how the tails are worn—whether proudly aloft like that of the colley or in the downcast manner of a cow.

For lame back, side or chest, use Shiloh's Porous Plasters. Price 25 cents. For sale by Hardaway & Cassell.

FROM DELHI, LA.

The West Bound Passenger Train on the V. S. & P. Wrecked.

DELHI, La., Oct. 1.—The west-bound passenger train No. 25, Conductor Chapman, was wrecked at 2 o'clock this evening three and a half miles west of here throwing the ladies coach on its side. Mrs. A. C. Wells, of Crystal Springs, Miss., had her right leg dislocated; Mrs. J. C. Bredus, of Hazlehurst, had her ankle broken. Jim Halpin, baggage master was badly bruised and several others sustained slight injuries. The accident was caused by spreading of the rails. The whole train, including the engine is off the track.

From Canton.

Special to Commercial Herald.

CANTON, Miss., Sept. 27.—An English syndicate is negotiating with parties in this county, Madison, for the purchase of 1,000,000 acres of land. The trade will probably be closed in a short time.

Dr. E. D. Ward, an old and highly esteemed citizen, died here Wednesday, aged 76. He will be buried with Masonic honors.

From Lake Providence.

Lake Providence, La., Oct. 1.—The police jury of the parish of East Carroll, at their session today passed an ordinance calling an election to be held throughout the parish on October 10th, to obtain the sense of the qualified voters relative to the levying of a special levee tax of ten mills for rebuilding and repairing the levees of East Carroll. The Desha bank in front of Judge Montgomery's has carved up the base of the new levee constructed last year.

An Important Discovery.

The most important Discovery is that which brings the most good to the greatest number. Dr. King's New Discovery for Consumption, Coughs, and Colds, will preserve the health and save life, and is priceless boon to the afflicted. Not only does it positively cure Consumption, but Coughs, Colds, Bronchitis, Asthma, Hoarseness, and all affections of the Throat, Chest, and Lungs, yield at once to its wonderful curative powers. If you doubt this, get a Trial Bottle Free at Hardaway & Cassell's drugstore.

Mortuary Report.

WHITE.

Sept. 22.—Mrs. Courtney Mahon, 28 years, organic disease of the heart, city hospital; Hugh Henggan, 2 years, 11 months and 22 days, congestive chill, Pearl street.

COLORED.

Sept. 20.—Patsy Bolden, 78 years, malarial fever, Poplar street.

Sept. 11.—Narcissus Diggs, 24 years, consumption, Levee street.

Sept. 25.—Ben Collins, hemorrhage from lungs (phthisis), Monroe street.

Sept. 26.—Henry James, 1 month, 14 days, marasmus, Washington street.

H. P. BRISBANE, M. D., Health Officer.
